## MAY TIMBER INCREASES.

Dear customer,

Given the current market conditions we know how important it is that you are provided with notice of any significant price changes. We are therefore advising you of some price increases on products that you have purchased previously.

Product Category	Price Increase	Live Date
Carcassing timber	5%	1st May 2021
CLS	15%	1st May 2021
BS5534 Graded Roof Batten	9.6%	1st May 2021
Type A Treated General Batten	9.6%	1st May 2021
Redwood Treated Decking	10.5%	1st May 2021
Structural Sheathing Plywood CE2+	16%	1st May 2021
Poplar core Hardwood Plywood	2%	1st May 2021

*Please note, the above increases do not apply to all products within the categories and only highlight the most relevant price increases.*

**Why we're raising our prices.** These increases reflect the ongoing sharp increases in product & shipping costs from supplying countries. These increases are driven by continuing growth in Global demand for Timber & Panel products, driven by things such as the very strong US housebuilding programme and growing new emerging Asian countries, which is resulting in more and more producers switching larger amounts of their production to these more lucrative markets. Unfortunately, this situation leaves both shortage of volumes for the UK market and also being forced to pay the higher prices that the suppliers require.

To keep up to date with any other price increases and product availability, please visit our dedicated supplier updates page here: [www.jewson.co.uk/supplier-updates](http://www.jewson.co.uk/supplier-updates)

If you'd like to talk to us about anything we've included within this letter, please get in touch with your local branch.

We look forward to working with you in 2021.

Yours Sincerely,

Jewson
